PLAN FOR DIVIDING THE COUNTY INTO MAKE PLANS FOR UNITS FOR ROAD BUILDING SUGGESTED

Macadam Road From Clint to work men over eight hours, he could see no reason why the county should be exempt, and considered it an unfair discrimination. The eight hour rule Orndorff.

A system of dividing up the county into units whereby 10 or 12 miles of paved macadam roads will be built each year, found its inception Monday morning when S. B. Orndorff, on the part of himself and other land owners near Belen, presented a petition to the county commissioners, asking that a macadam road be built from Clist to Belen, a distance of six miles:

In presenting the petition to the com-misioners, Mr. Orndorff stated that in his vicinity there were 3635 acres under cultivation, and that 2000 of it was in alfalfa. It was said that the land owners in that section were paying taxes on land assessed at \$200,000, but the land itself was casiv worth \$1,000,000. Mr. Orndorff also stated that the people asking the commissioners for the road in this instance were—ving taxes on land a great deal more valuable than that of others who were asking for words.

During the year, consisting of 300 clear days, the petitioners stated, an average of eight wagouloads of alfalfa daily were hauled over an almost impassable road. The proposed road is to run from Belen to Clint between the foothills and the railroad tracks, and it was suggested that this could form the unit in a system of cour roads to be unit in a system of cour roads to be built by the commissioners next year. Following the presentation of the petition an order was passed on motion of judge Eylar that the commissioners, acting in conjunction with the county surveyor, be appointed as a committee to draw up a man of the county, dividing it into units.

to draw up a pian of the county, dividing it into units.

Mr. Orndorff in making the request for the Belen-Clint road told the commissioners that if they would assure the petitioners that the road would be built, the petitioners would secure the right of way, and assist in the grading of the road. To this the commissioners replied that the road and bridge funds at this time were low, but when the money began to come in about January the matgan to come in about January the mat-ter would be taken up. However, when the plan of units, comprising the sections wherein roads are necessary is presented wherein roads are necessary is presented to the commissioner: which will be at their next meeting. July 23, plans will be laid for the beginning of actual work on the roads decided upon at this time. The petitioners from Belen agreed to take the commissioners over the road, stating that they would discover for themselves that the land owners around Belen needed a road worse than anyone else in the county. Some instances were

else in the county. Some instances were cited where the ranchers living in that section, having no other way out, were compelled to use private right of ways running through the different farms.

Included in Eight Hour Law.

Although the night hour law county?

Although the eight hour law exempted the men employed by the county in working on the county roads, the commissioners Monday morning considered that it was an unfair discrimination, and passed an order including those men under that has

adopted by the commissioners places the laborers on the county road on the same

laborers on the county road on the same basis with other laboring men.

To Urge irrigation Laws.

Because Texas has no valid laws regulating and controling the distribution of water used for irrigating purposes, the farmers and land owners of the valley will hold a meeting with the county commissioners Tuesday morning at 10 collects.

This matter is considered of vital importance to the fhrmers of the valley and all have been urged to attend the meeting and offer suggestions for model irrigation laws. The suggestions and out at this time will be considered, and a code of irrigation laws will be prepared which will be forwarded to the state legislature with the request that they be passed.

Order Fort Bliss Road Opened. The commissioners ordered the open-ing up and repairing of the road between the Country club and Fort Bliss reservation. The road runs along Meyer street, from Dyer to the fort, being 1200 feet in length. It results in a shorter cut for the soldiers and avoids the necessity them passing the saloon located in that vicinity.

The petition of Gaspar Giron and Joseph Zelman for a quit claim deed to land in San Elizario grant, was grant-

The bond of A. T. Celum, justice of peace at Clint, Tex., was approved.

allowance of \$6 a month.
The sum of \$100 was appropriated
to be used in repairing the road running
from San Elizario to Clint.

Permission to Lay Jewer Pipe.

Permission to Lay Lewer Fige.

It was ordered that Jennings and
Wood be granted permission to lay sewer
pipe along the following course: Commencing at a point on the eastern limits of the city where it is intersected Westminster street; thence easterly ong that street to Lamar street, thence along that street to Chester, across blocks 29 to 31, to the county road.

The trenches and pipes are to be laid at the side of the streets and the surface is to be replaced in good condition.

Gaspar Giron and W. J. Stahlman petitioned the commissioners court to execute a deed to a small tract of land in the San Elizario grant for the reason that the deed to the property had been lost. The application for the quit claim leed was granted.

It is proposed to erect a monument in Alamo plaza, San Antonio, Tex., to commemorate the deeds of the berois defenders or the Alamo in that city, acording to a letter addressed to the coun-

In order to raise the amount of mon-y required, said to be \$2,000,000, it is lanned to sell throughout the state 4,-00,000 tickets.

This county, having a population of 52,599 inhabitants, the commissioners were asked to dispose of 57,858 tickets. No action was taken in the matter.

The county comissioners Monday afternoon decided that the county would pay for telephones in the sheriff's office and in the offices of the county clerk and passed an order including those men under that law.

Judge Eylar stated that inasmuch as the law made it prohibitory for a contractor working men on the county road pay for others.

district clerk, county collector and county assessor. If any other county officials wish telephones they will have to bear the expense, as the county will not pay for others.

Madera Company Incorporates in Texas; Chicago Offices Come Here.

The Madera company, the selling end of the big Pearson industries in Mexico and El Paso, has been incorporated in the state of Texas, and within six weeks the present Chicago offices of the firm will be moved here, taking quarters in the Pearson office building near the Pearson plant on the river front. J. O. Crockett vice president of the Madern The Madera company, the selling end Crockett, vice president of the Madera company, Ltd., and vice president of the Madera company, Ltd., and vice president of the Mexico North Western railway, will be in charge of the offices, with G. J. M. Porter, acting as secretary. Both Mr. Crockett and Mr. Porter arrived in El Paso last week, and are at hotel Sheldon.

don.

All selling of the product manufactured by the El Paso milling company will be sold through the Madera company. There will be seven salesmen, and 15 office people in all, brought from Chicago, but this will merely be the present force, which will be augmented at the completion of the plant. Mr. at the completion of the plant. Mr. Crockett will build a home in El Paso, already having his plans for the residence. He will remain here until the completion of the office building. Mr. Porter will return to Chicago before that

"The people of El Paso have no idea what the Pearson industries will mean to El Paso," said Mr. Porter Monday morning. "The local mill will employ some 1500 persons, not next month, but within, say, two years.'

Mr. Porter called on C. E. Kinne, secretary of the El Paso chamber of commerce, Monday morning, seeking information regarding conditions in El Paso. Mr. Porter said that he had received in ouries from many large concerns regarding the gateway into Mexico," and wished to know El Paso's natural resources which could be manufactured here, converting raw material into the finished product, in any line of manufacture. Cheap power seemed to be the

facture. Cheap power seemed to be the only question regarding this city's desirability in any line,
"If El Paso has cheap power," declared Mr. Parter, "as El Paso surely can have, she has a medium of resources in many instances. El Paso has a geographical location which is exceptional, and it is safe to say El Paso can draw from a trade territory in the United States alone of 500 miles circuit. Only cheap power is lacking for manufacturing progress."

Lost 400 Meter Race Because Coe Man Changed Stick Out of Bounds.

Stockholm, Sweden, July 8 .- To the creat chagrin of American spectators at

great chagrin of American spectators at the Olympic games today, the "Yankee quartet" in the 490 meter relay race was disqualified because F. V. Belote, of the Chicago A. A. in passing Clement P. Wilson, of Coe college, at the second relay of the semi-final. "changed the stick" out of bounds. The disappointment was the greater because Cooke, of Cleveland, led W. R. Applegarth, the last runner of the British team, by 10 feet at the finish, and because the time (411-5 seconds, best of the meeting, for the event; showed that the United States stood a great chance to win the race in the finals. As it is, great Britain will take the American's place.

Americans First is High Jump.

Americans First is High Jump.

Westerners cheered lustily when Richards, of Brigham Young university, took first place and Porine, of Leiand Stanford, took third place in the running high jump. Richards mark was 193 centimeters.

There is considerable feeling by the German team over the flasco of last night in the 100 meters swim, free style. Bretting took the heat in the semi-finals so that Germans considered it was their victory, and were not pleased when it was announced today that the semi-finals would be swum over with the Americans participanting. They think the manager of the American team was careless in falling to have his men ready and that his protest was not justified. The United States, Germany and Australia, whose men are engaged in the contest, are to decide on a date. The American jurymen decline to say whether the vote on the swimming event again was unanimous.

New Record in Fist Race,

a world's record was created by J.

Meredith in the final of the 800 me
s flat race. His time of one minute 51 9-10 seconds beats that made by Melvin W. Sheppard, at London, in 1508, one minute, 52 1-5 seconds, Shep-pard and Davenport, with one minute, 52 seconds, both also beat the standing ing record.

10,000 Meter Walking Race.
The third days' program in the athetic section of the Olympic games was full one and varied in character. It included the trial heats of the 19,-600 meters walking race, the running high jump, the trial heats in the 400 meters relay race, swimming, wrestling, fencing gymnastics and part of the modern pontathion.

modern pontathion.

10,000 Spectators, on Field.

Today's opening of the games was a comparatively quiet one, but 10,000 spectators were on the field. The standing broad jump in which Platt, Adams and Benjamin Adams, both of the New York A. C., captured second and third places, gave occasion for the raising of two American flags on the staffs at the end of the stadium. Both men will be awarded gold medals which are offered to all jumpers doing more than three meters, 10 centimeters.

C. Tsielltiras, Greece, was first in this event with 2 meters, 37 centifmeters.

American a Good Walker.
In the first heat of the 10,000 meters walking, Ray Goulding, of Ontario, and F. J. Webb, England, led from start

to finish.

The disqualification of the American quartet in the semi-finals of the 400 meters relay race after defeating Great Britain's team in 42½ seconds, was disappointment to their friends. In the trial heats the majority of the teams were soratched and consequently the United States, Canada, Great Britain and Sweden had walkovers owing to the absence of their opponents.

Swimming to be Repeated.

Swimming to be Repeated.

The semi-final heats of the 100 meter awimming are to be contested again with the United States participating. The American delegation pro-tested yesterday's race on the ground that the absence of the American swimmers was due to a misunderstanding, and the Olympic committee has decided that the heats should be reswum probably at the end of the meeting.

Englishman Wins Walking Race. Englishman Wins Walking Race.
In the second heat of the 10,000 meters walking there were 13 competitors. The Englishman, Yates, won easily. The two United States representatives, Fred Kyser, New York A. C., and Fred Voellmeke, Pastime A. C., were placed fifth and sixth, respectwere placed fifth and sixth, respectively, but only the first named is qualified for the final. The American walkers were more than a lap behind the winner at the finish.

Summary of Events.

Ten thousand meters, flat race, final
Kolehmainen. Finland, first; Louis
Fewanima, Carlisle Indian school, second; A. Stenroes, Finland, third; Joseph Keeper, Manitoba, fourth; O. R. Landy, Italy, fifth. Time, 37 minutes, 20 sec

onds.

Eight hundred meters, flat race, final—J. E. Meredith, Mercerburg academy, first: time, 1 minute 51 9-10 seconds; Meivin W. Sheppard. I. I. A., second, time 1 minute 52 seconds; Ira N. Davenport. University of Chicago, third; Hans Braun, Germany, fourth.

Final running high jump—Almen W. Richards, of America, with 193 centimeters (a little more than 6 feet 4 inches), beat the Olympic record of 6 feet 3 inches, made by Porter, American, at London, in 1908. Liesche, Germany, and George L. Horine, Leland Stanford university, with 191 centimeters, also beat the record.

World's Running Record Broken.

J. E. Meredith was timed officially

J. E. Meredith was timed officially at the half mile, while running the 800 meter race, and broke the world's record for that distance, his time being 1 minute 52% seconds.

"Are you any better off for getting married?"
"Yes; formerly I had good quarters."
"And now?" "Well, now I have a better half,"

ico North Western is still out of commission as the result of a burned bridge near Rincon and Santa Ysabel and on account of the wreck last week of a train at Salas station. The bridges have not been entirely repaired and work of clearling up the wreck is still

work of clearing up the wreck is still in progress.

Street car traffic was completely tied up for about an hour, Sunday morning when Rojas's soldiers arrived, as the train was run across the main street and allowed to stand there. The cause of the blockade was that the engine "went dead" on account of the lack of water.

COL. OROZCO ORDERS RELEASE OF BUTTNER

American Immigration Inspector Held as a Spy in Juarez.

Morris Butther, a United States immigration inspector, was arrested in Juares Saturday night as a Madero spy and was held until Sunday afternoon. When Col.-Pascual Orozco released him, when it was requested by American friends of the prisoner. Buttner frequents the town of Juarez to "spot" the Chinamen for the immigration people before they come to the United States. His frequency in the town caused suspicion among the rebel leaders, who locked him up.

American consul Thomas Edwards was notified of the arrest of Buttner by his friends and it was through his efforts with the rebel officials that the immigration man was given his release. However, Col. Pascual Orozco has notified the American consul that Buttner not only had as immigration badge, but had a Madero secret service badge as well, and has promised to present the latter to the consul. Morris Butther, a United States im-

FUENTE PICKED TO SUCCEED OROZCO

The San Antonio Vasquitas | Start Movement to Overthrow, Rebel Chief.

David de la Fuente is to succeed Gen. Pascual Orozco as commander in chief of the rebet army, according to reports in circulation in San Antonio. The San Antonio Light, of Sunday, said a plant is being formulated to wrest the control of the Mexican revolution from Orozco and turn it over to another leader, possibly de la Fuente, secure money and prosecute the rebellion along lines that are expected to result in ultimate success in carrying Emilio a ultimate success in carrying Emili asquez Gomez to the presidency of

the republic.

"Yesterday at the home of Sr. Vasquez Gomez, 113 Clay street, an apparently most important conference was held, at which a document, believed to be a new manifesto to the Mexican people, was in process of drafting," says the Light. "Present at this meeting was Sr. Vasquez Gomez, Ing. Francisco Pradillo and Sr. Camacho. Later during the morning, Lic. Gomez Robelo and Gen. de la Faente also called and were in close conference with Sr. Emilio Vasquez Gomez.

"Sr. Emilio Vasquez Gomez declined to make any comment on the assemblage or to discuss the status of himto make any comment on the assem-blage or to discuss the status of him-self with reference to the present revolution, which now appears to be tottering. Others, including Gen. de la Fuente, were equally uncommunicative, but it was noted that the half-complet-ed hand-written draft of a document lying on the table was watched closely all the time.

"From remarks let fall, it was rath-

"From remarks let fall, it was gathered that the Vasquistas have laid plans to dethrone Orozco. His failure plans to dethrone Orosco. His failure in two instances, when he had every chance to win, has caused much discontent among his troops, it is said, and it appears to be the plan of the Vasquista element to take advantage of this feeling against Orosco and turn the tide of sentiment again in favor of Sr. Vasquez Gomez. In the event this can be done, it is not contradicted that the command of the revolutionary forces will be turned over to another entirely in accord with Sr. Vasquez Gomez. That this man will be Gen. de la Fuente was hinted, though the general himself would not discuss the situation. situation.

situation.

"It is positively known that everything has been arranged to finance the revolution and that the money was to have been paid over upon the instalation of Sr. Vasquez Gomez as provisional president. He went to Juares with that end in view, but, as he said himself upon his return, Gontales Enrile prejudiced Orozco against him and caused Orozco to repudiate the accession to the presidency. Hall things worked out differently, the Vasquistas would have had not less than \$2,000,000 with which to push their revolution."

ENRILE HAS BUT 12 MORE DAYS IN PRISON; NO PROOFS OFFERED Gonzalo Enrile is back in the county jail with a dozen days yet to spend in the county prison until his 40 days have expired. Enrile was arrested on completint of the Mexican consul and extradition proceedings were instituted against him on the charge of smuggling government funds of Mexico while he was consul at Clifton. Ariz.

Although it is possible to hold a man on an extradition charge for 40 days, there remains but 12 more for him to stay in jail unless additional charges are brought against him. As yet no proofs have been presented to the United States commissioner by the Mexican government. Gonzalo Enrile is back in the county
